

How to Make Fingerspelling Cards and Name Ticket Models

We recommend mounting and laminating these (with fingerspelling on one side and Name Ticket models on the other). Make them all the same color and size to fit into a pocket chart. Students fingerspell and name letters daily.

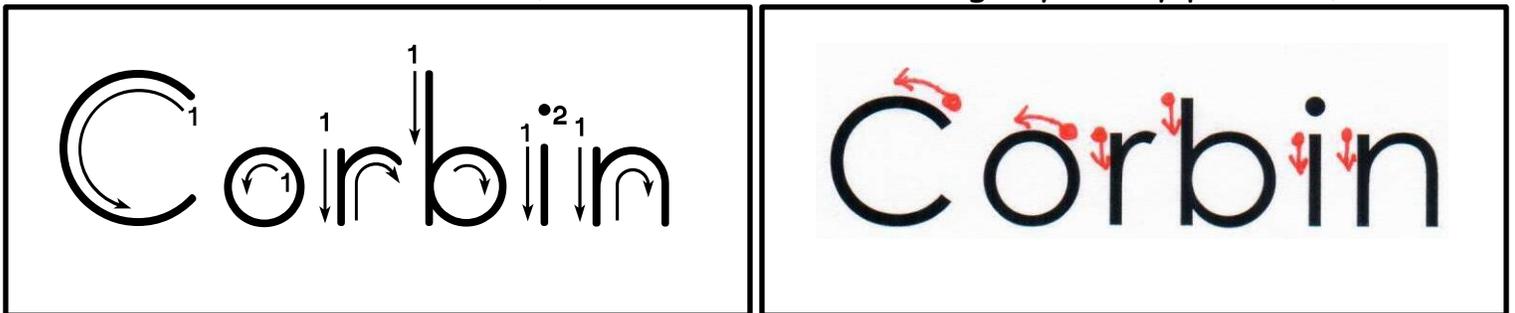

The *Fingerletters* font may be purchased from Educational Fontware, Inc. 1-800-806-2155. Go to www.educationalfontware.com, on left side of page click on "Buy New Academic Single User License;" in center of page, scroll down to "Nellie Edge Special - Finger Letters only, no CD, \$5." Click on "Buy Now" (with credit card.)

How to make name/fingerspelling cards:

1. Insert a one-column table into the document.
2. Use *Ball-and-Stick* font (or similar, such as *Century Gothic*) for letters in approximately size 80-90 font, bold. Size will depend on length of name.
3. Place a space between each letter.
4. For fingerspelling underneath, use font *Fingerletters* in approximately size 90 (or a size that matches the letters above it). Center justify. For ease in reading, do not bold *Fingerletters*.

Name Ticket Model (make a second one for nightly family practice)

The *ZNuscript with Arrows* font may be purchased from Zaner Blosser. www.zaner-bloser.com/zb-fontsonline-plus. Font is available with or without arrows and on lined or unlined paper. Consider hand-marking the beginning point for each letter with a red dot and one arrow. You may also use yellow highlighter to show the child (and parents) where to begin making the letter.
