At last, you can make **Spanish Stamp and Read Skinny Books!** We have arranged for our friend Mike in Michigan to hand-produce these sets of hardwood **Spanish Word Stamps.**

Preorder now for shipment in January.

1 set \$40      2 or more sets \$35 each

Please know that with every order of Spanish High-Frequency Word Stamps we will include 2 pages of **Spanish animal stamp cards** (16 total: see attached). These cards normally accompany any Animal Stamp purchase (mass produced in China—very affordable). Now even if you don't have the actual animal stamps, you can copy these cards, cut them out, and invite children to glue an animal stamp card to complete the end of a sentence for your "I Can Read!" Skinny Books.
