Parents have spring and **ALL SUMMER LONG** to sing, talk, dance, and read with their children and build skills for success in kindergarten.

Parents deserve to know how to support their child's success in kindergarten literacy. Your investment of time and energy in a powerful spring Kindergarten Round-Up program will demonstrate **How to Have the Best Year Ever: We promise!**

4 Things Families Can Do BEFORE Kindergarten Starts:

1. **Memorize Mother Goose rhymes** (Booklet of rhymes FREE on Nellie Edge TPT Store). Print copies of your favorites to share with families.

"Rhymers are readers!" -Marie Clay

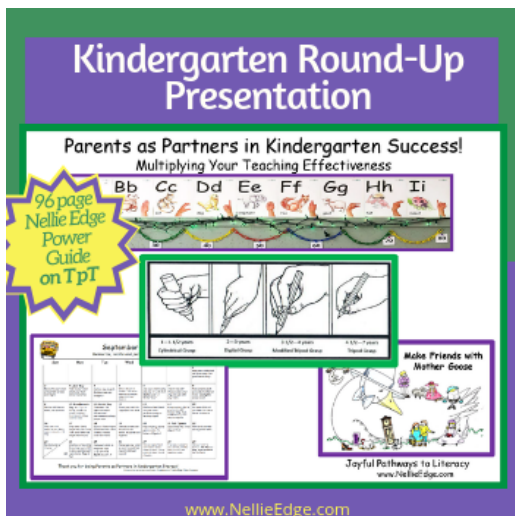

2. **Teach the ABC Phonics: Sing, Sign, and Read! song.**

Introduce children to the [FREE ASL video clips](#) and [Family Reference Chart](#). During Kindergarten Round-Up, teach parents and children the first 4 letters together. Challenge families to teach their children this entire *ABC Phonics* song with accurate fingerspelling before kindergarten starts. (Some children will have already learned it in preschool.) 3. **Help each child learn to print their name and hold a pencil efficiently.** Show parents how to be partners in kindergarten-friendly **handwriting, drawing, and writing**. Download [TPT Freebie to help!](#)

4. **Read wonderful books together every day**—visit the library often and establish nightly reading traditions: Our [Family Guide to Reading](#) will make a difference!

Parents as Partners
Ten things to say to your child every day

1. I love you. I just love you!
2. You are such a fun (playful, hard-working, helpful, creative) kid to be around!
3. You were so kind when you...
4. I am so proud of you. I watched you...
5. You are working hard. You're building your writing brain. The more you practice, the better you get.
6. I noticed you being responsible when you...
7. Thank you for (listening politely, being kind, staying with the job, picking up your toys, helping your brother, opening the door, telling me about your day, being ready for school).
8. Oops! I made a mistake. That's just part of learning. I haven't learned how to do that right yet... I'll keep practicing.
9. I'm sorry.
10. I'm listening...
